

McPhillamys Gold Project

Project Update

Tony McPaul
Manager
Special Projects

Jobs and training opportunities

One of the great benefits of the McPhillamys Gold Project is the boost it will provide for Blayney and the Central West.

At least 480 jobs will be created during the 12-18 month construction period and another 260 per year, on average, in operations. And our **'locals first' recruitment policy** will mean lots of opportunities for residents of Blayney Shire to work on the project.

A boost for Blayney

Blayney businesses will also receive a boost, with new jobs created by demand for goods and services from the mine and the people working at the mine.

They'll be needing food, accommodation, equipment, fuel, machinery, childcare, education, training, computing services, technology and communications and much more.

Let's talk about the opportunities

If you'd like to know more about the many job and business opportunities McPhillamys will offer, come along to our Open Days in Blayney, next week:

Blayney Community Centre

Tuesday 15 October

12pm-7pm

Wednesday 16 October

12pm-7pm

Our staff and technical experts will be there to answer questions and provide more information on all aspects of the project, **including the many job and business opportunities** for Blayney. We look forward to seeing you there.

In the meantime, if you have any questions about the project call in and see us at 57 Adelaide Street, Blayney, or call us on (02) 6368 4100.

Regards,

Tony McPaul, Manager Special Projects
