Manager
Special Projects*

Public exhibition underway

The public exhibition of the development application and Environmental Impact Statement (EIS) for the McPhillamys Gold Project, is now underway.

The exhibition period marks the next phase of public consultation on the project.

This is an opportunity to view the detailed studies and conclusions for the project—and to have your say on the issues.

You can view the EIS at this link:

<https://www.planningportal.nsw.gov.au/major-projects/project/9821>

Printed copies of the EIS are available to view at Blayney, Cabonne, Orange, Bathurst and Lithgow Councils.

Regis is also providing electronic copies of the EIS (on USB sticks), on request.

Call into our office or phone us for more information.

Community open days

Regis Resources will be holding another series of Open Days in Blayney, to update the community on the project.

Please drop in, talk to our staff, ask questions and provide feedback:

Tuesday 15 October, 2019

12pm - 7pm

Wednesday 16 October, 2019

12pm - 7pm

**Blayney Community Centre
41 Church Street, Blayney**

Independent specialists and Regis staff will be there to discuss the Environmental Impact Statement (EIS) and answer your questions.

Independent specialists and Regis staff will be there to discuss the Environmental Impact Statement (EIS) and answer your questions.

Have your say: write a letter or make an online submission

The exhibition period is also an opportunity for the community to have a say on the project. It is important to make your views known to the NSW Department of Planning, Industry and Environment (DPIE) so they can be considered during the formal assessment period.

You can express your views or ask questions in a letter or through an online submission on the DPIE website.

If you need help, call our office and we can show you how to make a submission whether you are for or against the project.

Regards,

**Tony McPaul, Manager Special Projects
Regis Resources**
