Manager

## Consultation meeting

Local residents, community and Council representatives joined the Regis team last week for our regular Community Consultative Committee (CCC) meeting.

Discussion at the meeting focussed on the project's second Amendment Report, which was lodged with the NSW Department of Planning and Environment (DPE) earlier in June.

Regis representatives also explained the remaining water issues to be resolved before DPE can refer McPhillamys to the NSW Independent Planning Commission. CCC minutes and presentations can be viewed at:

## Community grants

We had a huge response to our June community grants round, and we are now assessing applications.

Our focus is on assisting groups in the Blayney Shire and we will be in touch with successful grant recipients in the coming weeks.

One local organisation we've supported regularly is Blayney Can Assist.

They do a fantastic job supporting cancer patients and their families and they rely on fundraising and donations to continue this valuable work.

We're pleased to be giving them a big shout out this week and we recommend them highly if you're looking for delicious goodies for your next event.

Regards,

## Can You Assist?

The dedicated women and men at *Blayney Can Assist* work to support local cancer patients and their families. The group meets on the second Tuesday of each month at 7.00 pm in the Cadia Room at Blayney Community Centre. New members are always welcome.
