Thankyou, Blayney

With the Independent Planning Commission (IPC) public hearings now completed, Regis would like to thank the Blayney community for their strong support for the McPhillamys Project. To date, over 657 people have lodged their submissions in support of the project going ahead, with the vast majority of those coming from Blayney and the Central West.

There is still time to

show your support for the project, if you haven't already. You can make a submission at this link: <https://www.ipcn.nsw.gov.au/projects/2022/11/mcphillamys-gold-project>

We recognise too that there are still some local people who have concerns, especially our close neighbours.

We will continue to work with them to minimise and mitigate the impacts of the project.

We are very grateful for their patience and understanding during the long (almost 10 years) assessment process.

We hope the final decision on the project is

not too far away and we expect the IPC to announce their decision in the coming months.

Free local event, tonight!

If you're looking for some inspiration to get 2023 off to a good start, there's a great (free) event on tonight at the Blayney High School.

Motivational speaker Luke S Kennedy is one of Australia's most sought-after speakers and his presentations are relevant for all ages.

No need to book, just come along to the BHS Hall at 6pm tonight.
