Regis discussions with local community representatives

Thank you to all the local community and Council representatives who attended the McPhillamys Community Consultative Committee (CCC) meeting last week.

The evening included a Project update and consultation on various McPhillamys Environmental Management Plans.

The Council and community members of the CCC are there to represent your interests and provide feedback on your behalf. So, please feel free to contact them if you have any questions or suggestions. The next meeting is on 14 August, 2023.

For CCC member contact details go to:

Mining careers dinner

The NSW Minerals Council held their annual Mining Careers dinner in Orange in early May, with over a hundred local students and parents coming to meet with Regis and other mining industry employers.

It was a great opportunity to talk to families about the career options that will be available with the McPhillamys Gold Project. Best of all, the Project will provide over 260 operational jobs, right here in our local community.

Newbridge Festival

A reminder about the Newbridge Winter Solstice Festival, coming up on 24 June!

The Festival is a great local event offering food, displays, activities and stalls for all ages. For more details go to:

<https://www.newbridgensw.com.au>
