### Supporting volunteers

A strong focus for the Regis Community Investment Fund is supporting volunteer groups in the Blayney Shire.

While Can Assist is a great example of volunteering in our community, few people know exactly how much help they give families going through cancer. That's because they are very protective of people's privacy and deliver help with discretion and dignity.

This year's Community Cuppa on 25 August is definitely no secret! We're proud to support it and hope to see you there.
